Arthur Boutiller, president of the company, said that Captain Rigby, of the Dominion biological station at St. Andrew's, N.B., made a trip on one of their trawlers and elected suitable fish from the ship's catch, and these were forwarded to Toronto. Insulin was taken from two kinds of fish, he said—the monk and the state. A comparatively thuy part of the fish was sweet for the purpose.

To the Canadian Club of London Sir Henry said be hesitated to even say that its resemble. London Sir Henry said be hesitated to even say that it is possible to land Alberts coal in Ontario at a price that will enable it to compete successfully against United States coal. The railways would not hant the coal at a loss, and if they consented to haul it at a small margain of profit, the Alberts operators and the Ontario distributions must do their part by keeping their charges down to a point that would make the retail selling price competitive. The railways, in other words, do not intend to hall coal for nothing in order that Alberta mine owners or Ontario fuel retailers may make a "selling" out of the business.

There will be little fault found with the stipulation at this end of the transaction. It is not likely that any sane-minded Alberta operators ever hoped or expected to make a large rate of

CIVIC CLEAN-UP CAMPAIGN

The City Health Department and the City Engineer's Department are co-operating in a Civic Clean-up campaign during the early part of May. Teams will start work on both sides of the river, weather permitting, on May hoped to have the Cleanup carried through according to the under noted achelule. The residents should have the theoroughly cleaned up before the dates set aside for their districts, so as to help the city workers.

LOOK OUT FOR THE MEN RAKING IN THE LANES-The teams will follow probably next day
